# MAP & DISTANCES

Sea distance: 550 m

Walk downhill: 8-10 min

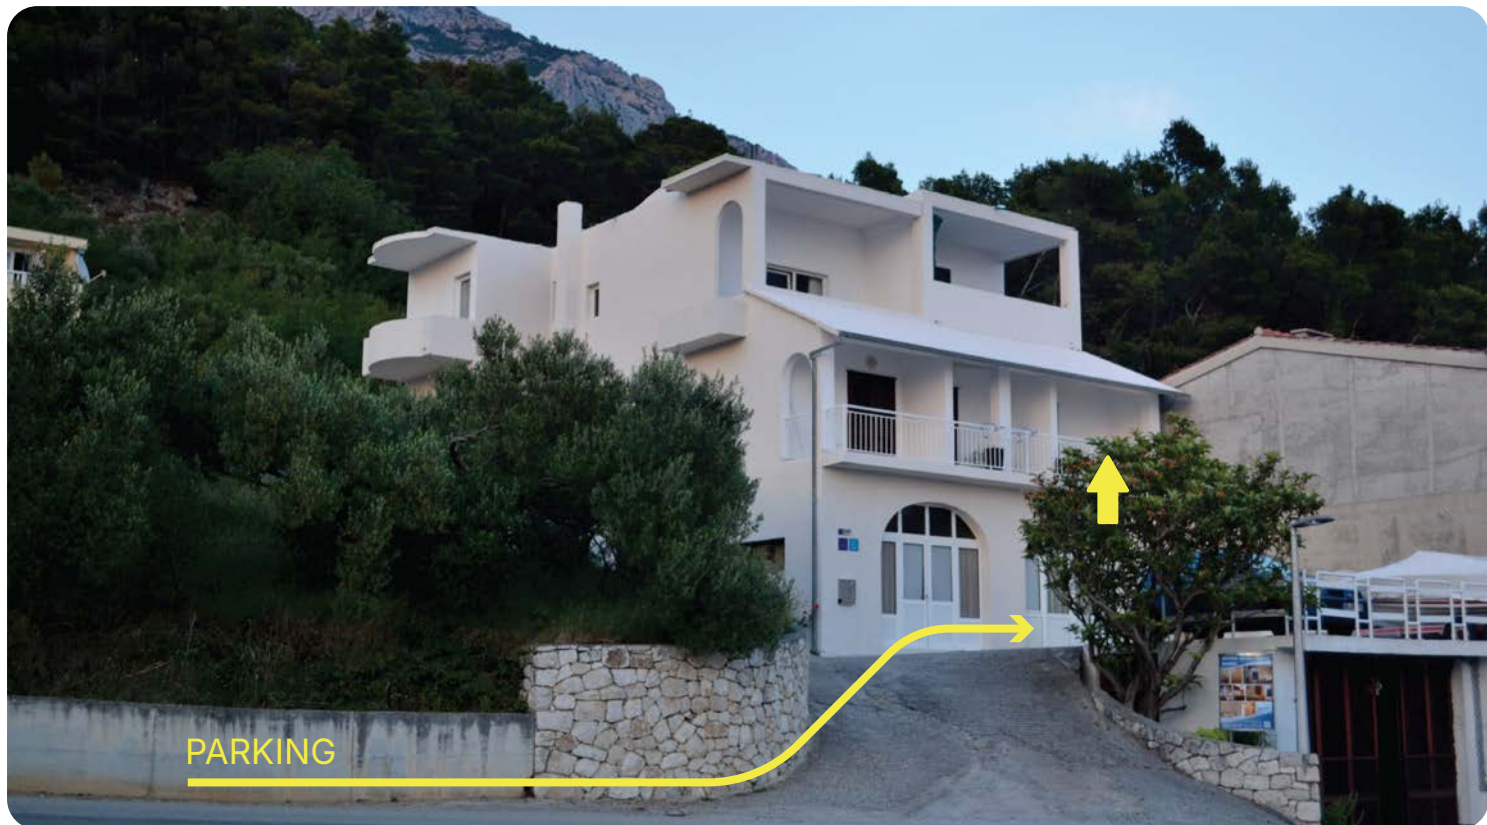

Walk uphill: 12-15 min

**BONUS TIP:** During your stay, it's always nice to get a bit of exercise. The walk down to the beach is easy and relaxing, while the walk back uphill gives you a gentle workout. It's a highly effective form of exercise that can burn up to 40% more calories than walking on flat ground, while strengthening your heart, toning your legs and glutes, and being kinder to your knees.
